Conditions for extending the warranty for TESA MICRO-HITE of new generation
(Ref. No.: 00730073, 00730074, 00730075, 00730076, 00730077, 00730078, 00730079, 00730080, 00730081)

Thank you for purchasing a TESA MICRO-HITE and putting your trust in our equipment.

All new TESA products are covered by a one-year warranty from the date of purchase against any operating defects resulting from a manufacturing defect.

By registering your new TESA MICRO-HITE, you can extend this warranty by three years free of charge. This allows you to use your device under warranty for four years from the date of purchase.

The extension of the warranty is open to any professional user who has purchased a new generation MICRO-HITE instrument with the numbers 00730073 to 00730081. This excludes any accessories or additional products that have been supplied together with the height gauge.

Registration procedure

- Open the product registration form on the website <http://www.tesatechnology.com/en/services/product-registration>
- Complete all fields (1) and send the form within 30 days after purchase
- Copy / scan your invoice as this may be requested
- A few days after sending the form, you will receive an acknowledgment of receipt by email; you may be asked to send us a copy / scan of the invoice
- Once the extension of the warranty has been accepted, you will receive a certificate of the four-year warranty
- Copy / scan the warranty certificate and ensure that you attach this copy / scan to the device, in case you claim warranty

Warranty claims are processed in accordance with [Art. 14 \(Warranty\) of our General Sales Conditions \(Edition 2012\)](#). You can find these Sales Conditions at the bottom of our website. By sending the warranty extension form, you confirm that you have read and accepted the provisions of this article.

(1) Your data will be used exclusively for the processing of the warranty as well as for enquiries and to provide you with information about our activities or news. They will not be passed on to third parties and if you no longer wish to receive information, you can notify us at any time.

Special provision for new generation TESA MICRO-HITE systems purchased before 1 October 2017

The new TESA MICRO-HITE with the reference numbers mentioned in the title purchased before 1 October 2017 can also benefit from the three-year extension of the warranty, even if they were used by the dealer for demonstration purposes!

To do so, please follow the registration procedure described above no later than 31 October 2017.

The certificate of extension of the warranty can be transferred when the TESA MICRO-HITE is sold to a new professional user. However, for a device that was purchased without such a certificate of extension of the warranty, this cannot be obtained subsequently by registration.

The present offer to extend the warranty is in force as long as it is available on our website TESAtechnology.com, but at least until 31 December 2017.
